And What Have You

By BOB CRAIG

It does not seem possible but it's time to honor another class of graduates this week. It seems only yesterday that we paid tribute to the last graduating class. To make it seem even more unlikely that this time is here again, we have a daughter in this class.

All of a sudden we find that it is not quite so easy to come up with all of the fine words of wisdom to offer these fine youngsters, many of whom we have come to know quite well as they have grown up with our daughter.

As prejudiced parents we feel that this is a rather exceptional class and feel that they are going to get along quite well, even without much advice from this corner.

Needless to say, we join all Hamlin in wishing this class the best of luck in whatever endeavor they choose for their life's work.

We have a problem with notes that are given to us on the street or in the drug store. Last week Jack Harugthy, who manages the Cardinal Little League team, gave us a note on the first home run of the season but somehow we misplaced it until after the paper was out last week. Needless to say he asked us about it, so we will try to get it in here—better late than never.

Gerry Young is credited with this fete.

We were glad to hear from Frank Calhoun that a large number of readers of this paper had taken the time to fill out the questionnaire that we ran a couple of weeks ago.

In Frank's letter to us expressing his appreciation for our running the questionnaire he stated, "This overwhelming response is very gratifying to me, and it verifies my firm belief and conviction that all mature people are truly interested in good government and want to express themselves in that connection. Many times, people are reluctant to contact their elected officials out of timidity or fear of being ignored, even though many of them have ideas that are vital and should be shared. You have helped many of these people 'break the ice' and feel that they are now participating in their government."

We were impressed with President Nixon's proposal to change the draft laws to a lottery type with the time of eligibility limited to the year they are 19. We have always felt that it was a terrible injustice to keep the draft hanging over a boy's head until he was 26.

The only part that we have some question about is the college deferment system. We can see that two views can be taken on this and as long as going to college does not eliminate a boy from the draft but only postpones it then the deferment would be fair.

At the present time we are drafting fairly young men, but before our involvement in Vietnam became so great we were not drafting boys before they were 25 or 26 and this leaves a boy in a state of uncertainty from the time he gets out of high school until he becomes 26.

As far as this talk of doing away with the draft we doubt if it will ever be possible and we are not too sure that this would be wise anyway. In spite of all the protesting going on now by a bunch of punks scattered across the country we feel that everyone has an obligation to this country and should serve if needed. For over the years many people have made these sacrifices that we may have the benefits that we have.

But we do feel that the draft should be as fair and just as possible and cause the least amount of inconvenience as possible. And we feel that this new proposal is a step in the right direction.

ME?

pick a chicken?

I suppose I could muddle through if I had to but who needs it? With low cost electricity from the Midwest Electric Cooperative, chicken processing plants do such a neat and clean job of dressing fryers I'd be foolish to try it. With a dependable electric supply chickens are picked, drawn, inspected, chilled, and boxed in less time than it would take me to catch one.

So just call me chicken hearted when it comes to chicken plucking. Send him to me ready for the pan. I'm great with an electric fryer.

'Inherited' Postal Deficit Brings On Request for Higher Rates

An "inherited" postal deficit of \$1.2 billion is responsible for the proposals to raise the postage bill for residents of Hamlin, Texas, Postmaster Hunter said today.

Mr. Hunter said he had been advised by Postmaster General Winton M. Blount in Washington, D. C. that the record \$1.2 billion 1970 deficit compelled President Nixon to seek postage rate increases. Without higher rates the Department will be left with a staggering deficit that would become an added tax burden.

In addition to increasing letter mail from 6 to 7 cents, as proposed by the Johnson Administration, President Nixon also asked that second and third-class mails help reduce the large postal deficit which would otherwise be paid by taxpayers, the postmaster said.

For bulk third-class mail and most magazines and newspapers, the rates would be increased 16 percent to 20 percent above today's levels, he

on the 20 day of February A. D. 1969, in this cause, numbered 11,011 on the docket of said court and styled IN RE: Auvis Allen Pittman, et ux, to adopt minor, Plaintiffs.

A brief statement of the nature of this suit is as follows, to-wit: To adopt minor child as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and seal of said court at Anson, Texas, this 8th day of May A. D. 1969.

noted. These percentages include rate hikes already scheduled by previous action of Congress.

The President's recommended increases will reduce the 1970 postal deficit by more than \$600 million.

The post master listed these other details on the proposed increases:

FIRST CLASS MAIL: Letters and post cards would be increased one cent, to 7 cents an ounce and 6 cents a piece, respectively, on July 1, 1969. Airmail postage would remain at 10 cents. This will yield \$557.2 million in new revenues.

SECOND CLASS MAIL: A handling charge of 3/10 of a cent per piece for circulation outside home counties would become effective July 1, 1969. This would yield \$15.3 million annually and would represent a 12 percent increase in addition to the 8 percent rise scheduled to take effect January 1, 1970.

THIRD CLASS MAIL:

• New Facilities?

• Repairs?

• Expansion?

• Modernization?

If you're planning any farm improvement and need extra money, see us for a Land Bank Loan. Local service, low cost. Repayment set up to fit farm income. No prepayment penalties. See us today!

For single pieces, rates would be increased one cent per piece. This would yield \$12.4 million. For regular bulk third-class, the minimum would be increased to a uniform rate of 4.2 cents January 1, 1970, as contrasted with the present rate of 3.6 cents.

The 1970 increase would lift revenues by \$46.8 million annually.

Hamlin West Lake Now In City Limits, To Be Patrolled

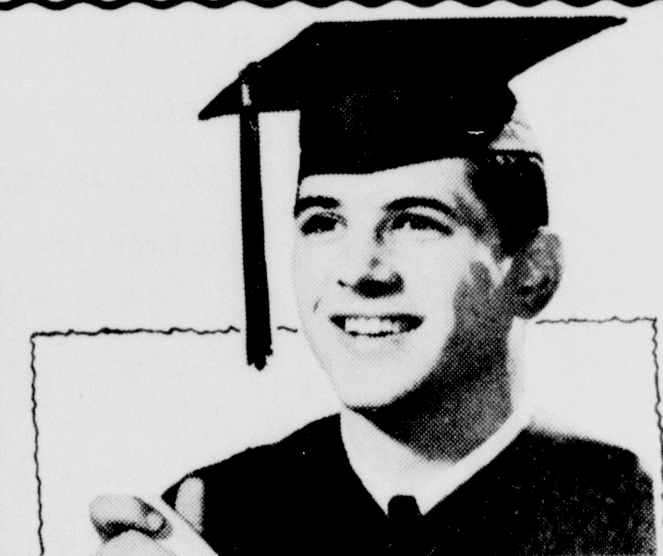

Chief of Police Bryan Wasson announced this week that Hamlin's West Lake is now in the City Limits. The Lake is designated as a public recreation area and strict law enforcement will be maintained, he said. He has also asked the Texas Parks and Wildlife Department to assist in law enforcement at the lake.

Chief Wasson warns that the Texas Water Safety Act will be strictly enforced and the Texas Highway Patrol and Fisher County Sheriff's office will make spot checks of the lake area.

Possession of alcoholic beverages in this area is unlawful and punishment is by fine of up to \$200, the Police Chief added.

"This year the lake will be a place where a family can go on an outing without being annoyed by drunks and beer drinkers," the Chief said.

Although South Lake remains outside the City Limits, Chief Wasson has asked the Parks and Wildlife Department and Jones County Sheriff's office and Highway Patrol to make routine patrols of the area.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(May 9, 1924)

The Herald is authorized to say that the Hamlin School Board has chosen Mr. C. G. Green, of Rockdale, Texas as the head of Hamlin Public Schools, for next year.

It appears that Jones County is going to build some roads. The election Saturday was overwhelmingly for the bonds, with 1481 for and 244 against.

With the voting of \$500,000 on the North Side of the County and the Anson District \$200,000 (and \$100,000 more proposed) and the Stith District \$25,000, Jones County will have road bonds to the amount of \$825,000.

Friday at the Opera House "Vanity Fair" will show starring Mabel Ballin, Hobart Bosworth, Eleanor Boardman and George Walsh.

Mrs. Taylor was the charming hostess to the Twentieth Century Bridge Club on Thursday.

After several interesting games Mrs. Q. Martin held high score.

At D. J. Payne Dry Goods dotted voile dresses are \$4.48. Other dresses of linen and genuine Irish ratine are \$5.48.

Men's mohair suits range from \$12.98 to \$19.48.

TWENTY YEARS AGO
(May 6, 1949)

Free city delivery of mail in Hamlin was brought a step closer last Thursday by action of the City Council, which met in a special session and adopted the plan for naming and numbering city streets, as recommended by the joint Lions-Rotary club committee.

Street markers to be erected on Hamlin streets, designating the recently adopted names of the thoroughfares, will cost approximately \$1,500.

Hamlin civic groups, together with Mrs. Fay Young Morton, will be host to an estimated 400 people at a barbecue on the Y-6 Hereford ranch Monday.

Dr. E. J. Hawkins, who recently leased the Hamlin Memorial Hospital for a five-year period, arrived in Hamlin this week and established an office in the hospital building.

The Hamlin Pied Piper baseball team, undefeated in the east half of district 6-A in schedule play,

were getting ready this week to take on the west half champion for district honors.

In a game here last Saturday night the Pipers trounced Throckmorton 13 to 1. J. W. Carter pitched a 3-hit game for the locals, and David Butler poled out a homer in the first inning.

A record of 19 seconds was set by one of the teams in the Hamlin Fire Department when a 6-man team laid 150 feet of hose, connected it with the fire plug and had water coming out of the nozzle.

Members of the winning team were Mickey McGuire, Earl Johnson, Son Branscum, T. E. Johnson, Garland Coltharp and Brad Rowland.

TEN YEARS AGO
(May 14, 1959)

The wheat and oats crop in the Hamlin territory will be surprisingly better than growers and others have been fearing. The average yield of wheat may be from 10 to 12 bushels per acre, and oats will be better than that.

First drawing for awarding of the weekly gift from the treasure chest of merchants participating in the novel Appreciation Day trade extension program is scheduled for Saturday.

Four Hamlin women were scheduled to attend the annual dinner meeting Tuesday evening of the directors of the Jones County Tuberculosis Association in the Anson Hotel.

Attending the business session from Hamlin were Lennie Greenway, Mrs. A. A. Hackley, Mrs. W. L. Hunter and Mrs. E. M. Wilson.

Hamlin Garden Club members enjoyed a tea in the home of Mrs. Joe Culbertson Friday evening as the closing meeting for this year.

Two new members were elected for the coming year, Mrs. S. C. Ferguson and Mrs. Johnnie Agnew. Joe Allen Dean, James H. Jackson and James Earl Boyd are members of McMurry's 1959 graduating class.

Essay of Jerry Carlton, son of Mr. and Mrs. Weldon Carlton, a senior student in Hamlin High School, was declared first place winner in the recent contest sponsored by the Hamlin BCD. He won \$25.

Title of his paper was "What My Town Can Do to Attract Industry."

Neinda Philosopher Wants to Know If Kids, Like Cars With Defective Parts, Can Be Recalled

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One asks a hard question this week.

Dear editor:
I found this newspaper on the floorboard of my car after I'd taken it in to have some repair work done — some people say they don't make cars like they use to but I don't know about that, my 1946 model can burn out a tail pipe just as fast as these new ones — and to get my mind off the repair bill I sat down and read it.

The thing that caught my eye was an article about how many new cars have been called back on account of defective parts.

It's not just lower-priced or mass-produced models but all kinds, all the way up to Rolls-Royce. When the manufacturer discovers some models have gotten out to the public with defective parts, he calls them back in for correction.

I have been thinking about this and it has suddenly occurred to me: why can't we use this system on people?

Right now there must be a good many parents all over the nation who'd like to call back their college kids to see if they can correct the defective parts. Obviously they weren't ready to come off the assembly line.

And it's not just college students. You run into people in all walks of life with defects clearly demanding a recall. There are even college presidents whose mainsprings seem to be understrength, and you'll find a college professor here and there whose muffler has fallen off and his motor hitting on only two cylinders, some even who have blown a head gasket, as well as poli-

ticians needing new carburetors, not to mention others so

North Central Baptist VBS Set To Open May 26

Vacation Bible School will be held Monday, May 26, through Friday, May 30, at North Central Baptist Church announced Rev. Harold Fleming, pastor, and principal of this year's school. Sessions will be held each morning 8 a.m. to 11 a.m. with classes for children ages 4 through the 6th grade in school. There will be three departments, beginners through juniors. The beginners will be under the direction of Mrs. Curtis Sci-fres as superintendent. This department is age four until they start to school. The primary department which is grades one through three will be led by Mrs. Harold Fleming as superintendent and assisted by Mrs. G. B. Phillips, Mrs. L. M. Braley and Miss Treasa Braley. The Junior department, grades four through six will have as superintendent Mrs. Pat Harper and Mrs. Ben Wilcox. Mrs. Joe Dawkins and Mrs. W. R. Allen as workers. Mrs. Dockins will play the piano and the music will be led by Mrs. Opal Goodgame.

The nursery department will be taught by Mrs. Floyd Wallace.

Refreshments will be served by Mrs. Eddie B. Hopper and Mrs. Barney Smith.

Preparation day will be held Saturday, May 24, at 9 a.m. Following the preparation there will be a parade through town followed by a picnic at noon in the City park. All children will bring a sack lunch, and drinks will be furnished by the church.

antiquated they can no longer pass a safety inspection and ought to be taken off the road, but not stored in Congress.

Unfortunately, the car manufacturers have the edge on the rest of us. When they recall a car they have a place to fix it in. Where's the garage that can handle a college kid?

On the other hand, while I don't have the figures, I estimate there are more cars than kids with defects. The current models may not be improved too much, but they're just as good as the ones produced over the last 1000 years.

Fire Prevention Contest Winners Receive Awards

Winners in the local Fire Prevention Contest have been announced by the local Volunteer Fire Department, sponsors of the event.

Awards were presented as follows: Denise Russell, first, \$10; Jack Kearns, second, \$7.50; and Johnny Seay, third, \$5.

Janie Middleton was a third place state winner and received a cash award of \$40 from Cravens, Dargan & Company, sponsors of the state competition.

Mrs. John Barnett and Valleta Hartley, Police Department dispatchers, attended a regional Police Communications School in Lubbock last Tuesday. The school was conducted by the Texas Department of Public Safety and the Texas Chapter of Police Communications officers.

A SYMBOL OF SAFETY

When the ship is in danger, we can depend on the life-boats to take us over the seas to safety. It is comforting to glance at the life-boat when the seas are rough.

Our Armed Services are a symbol of safety when our country is in trouble, when war threatens to raise its ugly head. In the past, when war has come, our servicemen have not hesitated to give their lives to protect and defend us.

There is a special Day each year when we remember and honor our servicemen who have died in the defense of our blessed country. Let us not forget, as individuals, to honor these dead and give thanks to God for those who protect us even now. Remember them as you attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
